Mr. Andrew E. Ruddock, Director
Bureau of Retirement and Insurance
United States Civil Service Commission
Washington 25, D. C.

Dear Mr. Ruddock:

In the interest of saving time and getting our payments to the underwriter faster it is requested that GEHA, Inc. be permitted to send to the Health Benefit Fund a check for the net 4% of premiums collected. This would be forwarded with a statement showing the total amount collected and the premiums due for high and low options.

I have discussed this with Mr. Kator who indicated that it might be acceptable and would save considerable time. Your approval of this procedure will be greatly appreciated.

Sincerely,

President
GEHA, Inc.
